Jillian's News -

On August 31, 2017, I attended The Walnut Hill Carriage Driving Competition in Pittsford, NY. A number of special events and attractions are planned for education and entertainment and the Pittsford Carriage Association and the Walnut Hill Committee puts on the event where people compete with their horses and carriages and to promote public interest.

I was honored to be invited as the NYSHC Youth Representative to present the Youth Junior/Single Horse/Pony Reinsmanship Class awards along with Steve Ropel the NYSHC President. I also found one class very interesting; it was the Single Horse Cross Country Obstacle Class, where the riders and their horses or ponies had to complete a course like going over a bridge and around a small house.

I loved coming out to this event, meeting so many people and talking to people about their experiences, I loved walking through a carriage museum with my dad and Paula Pratt. Presenting awards was an honor for me to do and I hope to definitely come back next year.
